

VISITOR PARKING

To accommodate institute visitors, there are parking zones and meters situated across campus for visitors' use. Please note that all visitor parking is first come/first serve. Please visit the Visitor's Parking Website to view more information about locations and hourly rates.

Many parking meters can be paid for using the Parkmobile app, which allows institute visitors to pay for Georgia Tech Parking Meters using their cell phone. Visitors may also opt to receive text message alerts and reminders prior to the meter's expiration. Once you download the app on your phone and register an account, you can use the zone number that corresponds with each lot to pay for parking. Zone numbers for participating visitor areas are indicated below.

Special Event Parking

Parking and Transportation Services makes every effort to accommodate all special event parking requests. Due to the nature of college campuses and other scheduled events, accommodations are not guaranteed.

Please contact Parking and Transportation Services at support@pts.gatech.edu for inquiries and reservations. More information about event parking rates can be found on Parking & Transportations [Event Parking & Rental Services](#) Website.

75 Vehicles or Less

Validations for Areas 1 and 3 may be purchased in advance on the Parking and Transportation services [website](#).

75 or More Vehicles

Parking arrangements can be made to accommodate large events expecting 75 or more vehicles in the Wo2 Parking Deck, which is behind the Exhibition Hall and Pavilions. There are two operations options for the Wo2 deck:

1. **Pre-Paid Reservations:** The client may pre-purchase parking in Wo2 for a flat fee, which includes the raising of the dates and an attendant. In/out privileges are not allowed.
2. **Self-Pay Upon Entry:** Guests park in Wo2 and pay per vehicle upon entry or exit. This option includes an attendant for the duration of the event as guests enter.

*Please note guest will share the parking deck with Wo2 campus permit customers. Prices vary based on the estimated number of vehicles.
